

Youth Opportunity Framework

Helping Children and Youth Achieve Their Potential

Community Goals:	Outcomes:
<p>School Readiness: Children enter school developmentally on track in the areas of language development, and social, emotional and intellectual skills.</p> <p>Improve the quality of early care and education.</p>	<p>Children are developmentally on track</p> <p>Promote healthy developmental growth through parenting supports and education.</p> <p>Strengthen parenting skills and resources to promote early learning and interaction at home.</p> <p>Access to preventative health services.</p>
<p>Early Grade Success: Children will receive the resources needed to become strong readers.</p> <p>Identify early grade students who are at-risk of poor academic outcomes.</p> <p>Early grade students will be provided quality out-of-school opportunities that reinforce and enhance learning.</p> <p>Children will receive the tutoring/mentoring necessary to be successful in school and life.</p>	<p>Third-grade students are proficient in reading and proceed to fourth grade.</p> <p>Children are provided tutors and positive adult mentors so that they have the skills necessary to be successful.</p> <p>Help families identify reading problems early.</p>
<p>Middle School Success: Students successfully transition from grade school to middle school and from middle school to high school, with the academic and social/emotional skills needed to succeed.</p>	<p>Identify middle grade students who are at-risk of poor academic outcomes and refer them to supportive services.</p> <p>Provide quality out-of-school opportunities that reinforce and enhance learning.</p> <p>Strengthen family involvement and connections for middle grade students.</p>

High school graduation:

Potential dropouts will be provided alternative ways to stay in school.

At risk students will be provided mentoring opportunities with people in business.

Children will be provided with positive enrichment programs.

Young people graduate from high school on time.

Children show a positive change in behaviors/self-esteem.
